20000	採用	General Presentation Chaired Poster Session		7月25日	The Efficacy and Safety of Epicardial Catheter Ablation after Failed Endocardial Approach of Ventricular Arrhythmias by Subxyphoidal Minimum Surgical Access
20001	採用	Symposium:Catheter ablation of persistent AF: What is the end point? How many procedures?	※	7月23日	Substrate Ablation of Atrial Fibrillation Guided by Complex Fractionated Atrial Electrograms: Repeated Ablations are Suitable in Patients who had History of any Atrial Fibrillation Ablations
20002	採用	General Presentation Chaired Poster Session	※	7月25日	Clinical effects of ethanol infusion into Marshall vein in terms of pulmonary vein isolation in patients with AF.
20003	採用	General Presentation Oral		7月24日	Hsp90 Promotes Maturation of Wild-type and Mutant HERG Proteins Via inhibition of CHIP interaction
20005	採用	General Presentation Oral	※	7月23日	Different Characteristics of Novel Oral Anticoagulants As Perioperative Therapy during Atrial Fibrillation Ablation
20007	採用	General Presentation Oral	※	7月23日	The Adequate Dosage of Initial Heparin Administration During Atrial Fibrillation Ablation in Patients with Novel Oral Anticoagulants
20008	採用	General Presentation Chaired Poster Session		7月25日	Successful dual chamber ICD implantation via persistent left superior vena cava after ratchet syndrome
20009	採用	General Presentation Chaired Poster Session		7月25日	Clinical Benefits of Extra-Large Tip of 10mm Electrode Catheters for Radiofrequency Catheter Ablation at Tricuspid annulus for Atrial Flutter
20010	採用	General Presentation Oral		7月23日	Jaw Elevation Device was an Effective Methods in addition to Adaptive Servo Ventilation with Deep Sedation to Maintain Stable Respiration during Atrial Fibrillation Ablation
20011	採用	General Presentation Oral		7月23日	The safety and usefulness of novel radiofrequency energy needle puncture for left arterial access using intracardiac echocardiography in Japanese patients
20012	採用	General Presentation Oral		7月25日	Renewed Impact of Lidocaine on Refractory Ventricular Arrhythmias in the Amiodarone era
20013	採用	General Presentation Chaired Poster Session		7月24日	Anterior type fast-slow atrioventricular nodal reentrant tachycardia: proposal of a distinct tachycardia entity
20014	採用	General Presentation Chaired Poster Session		7月25日	Novel Therapeutic Approach for Catheter Ablation of Incessant Ventricular Tachycardia Associated With Cardiac Sarcoidosis: the Usefulness of CARTO-SOUND® System.
20015	採用	General Presentation Chaired Poster Session		7月25日	Polymorphic ventricular tachycardia with repetitive QT prolongation caused by administration of xanthine derivative
20016	採用	General Presentation Oral		7月23日	Do antiarrhythmic drugs promote a development of perimitral atrial flutter after extensive encircling pulmonary vein isolation?
20017	採用	General Presentation Chaired Poster Session		7月24日	Long-term effects of cilostazol in combination with bepridil on recurrent ventricular fibrillation related to J-wave syndrome
20018	採用	General Presentation Poster Session(unchaired)		7月23日	Three cases of atrial tachycardia originating from the vicinity of His bundle Efficacy and safety of ablation from non coronary cusp
20019	採用	Symposium:Catheter ablation of ventricular tachycardia: Tips and pitfalls of various mapping techniques		7月23日	A pitfall of entrainment mapping: far-field sensing and far-field capture are mechanisms behind paradoxical shortening of the post-pacing interval
20020	採用	General Presentation Chaired Poster Session		7月23日	Atrial tachycardia during blanking period after circumferential pulmonary vein isolation and ganglionated plexi modification in a case with persistent atrial fibrillation
20021	採用	General Presentation Poster Session(unchaired)		7月24日	Electrical remodeling pattern of LBBB in clinical heart failure-heterogeneous electrical remodeling in dyssynchronous heart failure
20022	採用	General Presentation Oral		7月24日	Safety and efficacy of uninterrupted dabigatran and rivaroxaban in catheter ablation of atrial fibrillation, compared to uninterrupted warfarin
20023	採用	General Presentation Poster Session(unchaired)		7月23日	Relationship between RR interval variability on electrocardiography and depressive tendency
20024	採用	General Presentation Oral		7月25日	The etiology of J wave in healed myocardial infarction: the association with J wave before the onset
20025	採用	Panel Discussion:Non-invasive risk stratification of sudden cardiac death		7月23日	Time-Domain T-wave Alternans is Strongly Associated with a History of Ventricular Fibrillation in Patients with Brugada Syndrome
20026	採用	General Presentation Oral		7月25日	The long-term effect of catheter ablation for atrial fibrillation on mitral regurgitation
20027	採用	General Presentation Oral	※	7月25日	Ablation Strategy Based on Pulmonary Vein Isolation and Non-pulmonary Vein Trigger Ablation for Non-paroxysmal Atrial Fibrillation
20028	採用	General Presentation Oral	※	7月24日	Role of renin-angiotensin system on the lethal arrhythmias in a transgenic mouse model with reactivation of the fetal gene program
20029	採用	General Presentation Chaired Poster Session		7月24日	J-wave augmentation related to shortening of the RR interval in a patient with vasospastic angina and ventricular fibrillation
20030	採用	General Presentation Chaired Poster Session		7月24日	A Case of Worsened AV conduction Delay after Pulmonary Vein Isolation

演題番号	採択結果		発表言語 ※英語	発表日	講演タイトル
20031	採用	General Presentation Oral		7月25日	Electrophysiological Changes Associated with the Left Atrium Anterior Linear Block during Left Atrial Appendage Pacing
20032	採用	General Presentation Chaired Poster Session		7月24日	The Atrial Fibrillation Ablation using the Contact Force Sensing Catheter with the High Resolution SoundMap
20033	採用	General Presentation Oral		7月23日	Fibrillatory pattern of dissociated pulmonary venous activity is the novel characteristics of the triggering ectopy for atrial fibrillation
20034	採用	General Presentation Oral		7月24日	A high level of von Willebrand Factor predicts hypercoagulability after the pulmonary vein isolation
20035	採用	General Presentation Chaired Poster Session		7月24日	Safety and Efficacy of Rivaroxaban in Clinical Practice for Nonvalvular Atrial Fibrillation
20036	採用	General Presentation Chaired Poster Session	※	7月23日	Nonfluoroscopic Catheter Ablation of Idiopathic Focal Ventricular Arrhythmia Using Electroanatomical Mapping and Intracardiac Echocardiography
20037	採用	General Presentation Chaired Poster Session		7月24日	Frequent Right Ventricular Pacing is Associated with Endothelial Dysfunction: Analysis in Bradycardia Patients
20038	採用	General Presentation Chaired Poster Session		7月25日	Costs of All-Cause and Heart Failure Hospitalization in CRT patients
20039	採用	General Presentation Oral	※	7月23日	Risk stratification in Long QT syndrome for Prevention of Torsades de Pointes, Cardiac Sudden Death
20040	採用	General Presentation Oral		7月24日	Risk stratification of Torsades de pointes in Long QT Syndrome identified genetic disorder
20041	採用	General Presentation Oral		7月24日	Clinical Impact of Left Ventricular High Voltage with or without Hypertension on the Incidence of Atrial Fibrillation in an Urban Cohort Study: the Suita Study
20042	不採用	-			Non-steroidal anti-inflammatory drug, loxoprofen, prevents atrial fibrillation recurrence shortly after pulmonary vein isolation ablation
20043	採用	Panel Discussion:State of the art in AF ablation: Sedation and anesthesia		7月23日	Non-invasive Positive Pressure Ventilation with the Use of an Oral or Nasal Airway Improves the Success Rate of Catheter Ablation of Paroxysmal Atrial Fibrillation
20044	採用	General Presentation Chaired Poster Session		7月24日	Different effect of pilsicainide and disopyramide on early repolarization in two patients with idiopathic ventricular fibrillation
20045	採用	Panel Discussion:Non-invasive risk stratification of sudden cardiac death		7月23日	Abnormal intra-QRS high frequency power as an additional predictor of lethal ventricular arrhythmias to ventricular late potential in post-infarction patients
20046	採用	Panel Discussion:Postoperative arrhythmias in congenital heart disease: prevention and management		7月25日	Radiofrequency catheter ablation in patients with repaired complex congenital heart disease
20047	採用	General Presentation Oral		7月23日	Behaviors of left atrial appendage after pulmonary vein isolation in paroxysmal atrial fibrillation patients from the view point of prior mitral flow velocity profile
20048	採用	General Presentation Chaired Poster Session	※	7月25日	Usefulness and Safety of THERMOCOOL SMARTTOUCH Catheter in Atrial Fibrillation Ablation
20049	採用	General Presentation Oral		7月23日	The Influence on Blood Circulation Dynamic State and Respiration of Dexmedetomidine under the BIS-guided anesthesia
20050	採用	General Presentation Oral		7月25日	Paradoxical undersensing of atrial electrograms during atrial fibrillation in patients with implanted dual chamber pacemakers
20051	採用	General Presentation Chaired Poster Session		7月23日	Electrophysiological Characterization of Sinus Node in Patients with Atrial Fibrillation: Role of sinus node shift and preferential pathways
20052	採用	General Presentation Oral		7月24日	A Novel Porous Tip Open-irrigated Catheter for Cavo-tricuspid Isthmus Ablation
20053	採用	General Presentation Oral		7月24日	The activity of urate to increase Kv1.5 channel expression in atrial myocytes depends on uric acid transporters, xanthine oxidase and ERKs
20054	採用	General Presentation Poster Session(unchaired)		7月24日	A case report of lead fracture due to metallic fatigue
20055	採用	Symposium:Catheter ablation of persistent AF: What is the end point? How many procedures?	※	7月23日	An approach of combining box isolation plus minimum CFAE ablation facilitated by antiarrhythmic drug in persistent atrial fibrillation
20056	採用	General Presentation Oral		7月23日	Efficacy and safety of catheter ablation in elderly patients with atrial fibrillation
20058	採用	General Presentation Oral		7月25日	Beat-to-beat T wave amplitude variability in patients with premature ventricular complex originating from right ventricular outflow tract.
20059	採用	General Presentation Chaired Poster Session		7月24日	The management of antithrombotic treatment and hemorrhagic complications in patients with atrial fibrillation undergoing percutaneous coronary intervention with stent implantation
20060	採用	General Presentation Chaired Poster Session		7月25日	A case report of Successful CRT-P implantation via left Subclavian vein in a patient with persistent left superior vena cava.

演題番号	採択結果		発表言語 ※英語	発表日	講演タイトル
20550	採用	General Presentation Poster Session(unchaired)		7月24日	Long term outcome of CFAE ablation to long-standing persistent atrial fibrillation
20551	採用	General Presentation Chaired Poster Session		7月24日	Temporal Increase in QRS Duration Predicts Developed Heart Failure Hospitalization in Patients with Complete Right Bundle Branch Block
20553	採用	General Presentation Oral		7月25日	The evaluation of psychological quality of life in patients with implantable cardioverter-defibrillators
20554	採用	General Presentation Chaired Poster Session		7月24日	Evaluation of periesophageal nerve injury after pulmonary vein isolation using a 13C-acetate breath test
20555	採用	General Presentation Chaired Poster Session		7月25日	A case of Catheter Ablation of Chronic Atrial Fibrillation maintained by Left Superior Pulmonary Vein Fibrillation.
20556	採用	Panel Discussion:Surgical strategy for AF patients with aortic valve disease		7月25日	Surgical treatment for Atrial Fibrillation with aortic valve disease
20557	採用	General Presentation Oral	※	7月24日	Successful pre-ablation pharmacological cardioversion by oral amiodarone is associated with favorable post-ablation clinical outcomes in persistent and long-standing, persistent atrial fibrillation
20558	採用	General Presentation Chaired Poster Session		7月25日	Right Coronary Artery Occlusion Due to Catheter Ablation of Cavotricuspid Isthmus in an Adult: a Case Report
20559	採用	General Presentation Oral		7月24日	Early Pulmonary Vein Reconnection by ATP after CPVI is a Predictor for AF Recurrence in Patients with Paroxysmal AF, not with Persistent AF
20560	採用	Panel Discussion:Surgical strategy for AF patients with aortic valve disease		7月25日	Efficacy of routine bi-atrial maze procedure for patients with atrial fibrillation associated with aortic valve diseases
20561	採用	General Presentation Oral		7月24日	Safety and efficacy of the combined therapy with low-dose amiodarone and bepridil for atrial fibrillation
20562	採用	General Presentation Chaired Poster Session		7月24日	Reproducibility of synthesized ECGs with actually recorded ECGs in different body positions with the Mason-Likar lead system.
20563	採用	General Presentation Chaired Poster Session		7月24日	Radiofrequency catheter ablation of an accessory atrioventricular conduction pathway with persistent left superior vena cava
20564	採用	General Presentation Chaired Poster Session		7月25日	Clinical characteristics and therapeutic outcome for ventricular tachycardia and ventricular fibrillation in pediatric patients
20565	採用	General Presentation Chaired Poster Session		7月24日	Experience of a pacemaker implantation with axillary vein approach after TEVAR operation
20566	採用	General Presentation Poster Session(unchaired)		7月23日	Epicardial left ventricular lead implantation for resynchronization therapy during operations
20567	採用	General Presentation Chaired Poster Session		7月25日	Favorable clinical outcome only by pulmonary vein isolation in selected persistent atrial fibrillation patients
20568	採用	General Presentation Oral		7月25日	Particular configurations of left atrial appendage relate to thrombus formation in patients with atrial fibrillation
20569	採用	General Presentation Oral	※	7月25日	Influence of Contact Force on J Wave
20570	採用	General Presentation Poster Session(unchaired)		7月23日	The usefulness of low dose Dabigatran therapy in non-valvular atrial fibrillation.
20571	採用	General Presentation Oral		7月24日	The Efficacy of High Frequency Stimulation Guided Ganglionated Plexus Ablation Plus Antral Pulmonary Vein Isolation (GPPVI) in Patients with Persistent Atrial Fibrillation
20572	採用	General Presentation Chaired Poster Session		7月23日	Acute gastric hypomotility after radiofrequency catheter ablation for atrial fibrillation: a case report.
20573	採用	General Presentation Poster Session(unchaired)		7月24日	A case of hypertrophic cardiomyopathy(HCM) with Wolff-Parkinson-White(WPW) syndrome
20575	採用	General Presentation Oral		7月25日	Comparison of right ventricular septal pacing and apex pacing in the clinical situation: What is more important?
20576	採用	General Presentation Poster Session(unchaired)		7月24日	Clinical effects of catheter ablation for atrial fibrillation with systolic heart failure
20577	採用	General Presentation Oral	※	7月24日	The Clinical and Electrophysiological Characteristics of Postinfarction Ventricular Tachycardia with Left Bundle-Branch Block
20578	採用	General Presentation Oral	※	7月25日	Blood pressure change in supraventricular tachycardia in patients with small heart structure
20579	採用	General Presentation Oral	※	7月24日	Is CFAE or linear atrial ablation with an endpoint of AF termination always necessary in persistent and longstanding, persistent atrial fibrillation patients?
20580	採用	General Presentation Chaired Poster Session		7月24日	The Investigation about background and tendency of complications of Cardiac implantable device (CIED) implantation in our hospital

演題番号	採択結果		発表言語 ※英語	発表日	講演タイトル
20581	採用	General Presentation Poster Session(unchaired)		7月23日	A case of useful narrow bipolar pacing of left ventricular lead to avoid phrenic nerve stimulation
