

Dear colleagues and friends,

October, 2019

It is a pleasure for us to invite you to the joint meeting of the 47th Congress of the International Society of Electrocardiology (ISE) and the 20th Congress of the International Society for Holter and Noninvasive Electrocardiology (ISHNE) which will be held in Belo Horizonte - Brazil. Both international societies have been working together since 2017 to jointly promote their annual scientific event, encouraging the advancement of the science of Electrocardiology through the dissemination of new knowledge and encouragement of new research in the field.

ICE2020 represents a unique opportunity for electrocardiology specialists from around the world to discuss the advances made in this area, contributing to technological progress in health, with potential impact on people's well-being and longevity. New challenges such as Artificial Intelligence in Electrocardiology, Atrial Fibrillation Screening, ECG in Cardiac Devices, Tele-ECG and Telemedicine, are going to be discussed in the event, among other themes.

Belo Horizonte, the capital of the state of Minas Gerais, has a population of 2.5 million inhabitants. The city transits between tradition and innovation in a privileged location in the Southeast of Brazil, one hour away by plane from São Paulo and Rio de Janeiro. The international airport receives many connecting flights from all around the world daily. Belo Horizonte is dynamic, diversified and famous for its hospitality and its traditional gastronomy. It is also considered one of the main convention centers of Brazil, standing out as promising market for technology, innovation and entrepreneurship.

The congress will take place from 25 to 27 June 2020. Program will be available soon. Abstract submission will be open from Nov 15, 2019 to Jan 6, 2020. The same dates will be available for Young Investigator Award submission. Registration will be open on February 2020.

We look forward to receive you in Belo Horizonte on what is sure to be a remarkable scientific meeting.

**Antonio Luiz Ribeiro**

*President, International Society of Electrocardiology/ICE2020*

**Iwona Cygankiewicz**

*President, International Society for Holter and Noninvasive Electrocardiology*
